

# Management System Auditing

**This two day course provides participants with the core competencies to audit management systems of all types based on the approach outlined in the ISO 19011 standard.**

Upon successful completion of this course participants will have gained the following knowledge and skills and be able to:

- Establish audit objectives, scope and criteria
- Schedule audits and develop site audit plans and audit guidance tools
- Organise and direct audit team members
- Gather objective evidence using interviewing, observation and sampling techniques
- Analyse and interpret information to determine conformance with requirements
- Report audit findings, prepare audit reports and undertake follow-up.

## Prerequisites

It would be advantageous to have knowledge of management systems and standards.

## Suitable for

- Those currently involved in any form of management systems implementation
- Those carrying out audits and looking to gain formal recognition of their knowledge and experience
- Those with expertise in areas such as environmental, quality or safety management.

## Introduction to ANDSAM Training

Partnering with

The New Zealand Quality College offers this course in partnership with ANDSAM Training, who provide training and assessment services and specialise in the development, implementation and auditing of management systems.

ANDSAM Training is an Exemplar Global approved training provider and this course has been structured to address the elements of competency required under the Exemplar Global competency units:

Exemplar  
Global

- Exemplar Global-AU *Auditing Management Systems*
- Exemplar Global-TL *Leading Management System Audit Teams*

Upon successful completion of the course, participants will receive a Certificate of Attainment.

## Auditor Recognition Options

Participants may combine this course with either the NZQC Implementing Quality Management Systems course to become a QMS Auditor, or with the NZQC Implementing Environmental Management Systems course to become a EMS under the Exemplar Global auditor certification scheme.
